A number of Indonesian stamps with privately applied overprints as shown below appeared on the philatelic market in 2009. Although one suggestion is that the overprints were applied by the Red Cross, they were in fact applied by F. Van Eekelen of Holland. The quantity prepared and the number of different issues overprinted is not known. Reported examples with cancels appear to have been overprinted after the stamps were used. Price per stamp has been in the A range. Without postal validity and considered by the handbook editors to be bogus, the stamps are listed here solely to inform collectors of their existence.
