## **EAST AFRICAN INSTITUTE** Т EAST AFRICAN COMMUNITY MEDICAL AND INTERNATION Α EAST AFIBCAN MALARIA INSTITUTE OF THE JUN 21 19/1 Ν EAST AFRICAN INSTITUTE OF MALAHIA AND VECTOR-BORNE DISEASES P.O. AMANI, TANZANIA. P.O. AMANI A K ----11th June 1971. Α American Cyanamii Company, Lederie Laboratories Division, Pearl River, NEW YORK, U.S.A. 10HN & KING Ν L Dear Sirs, (tris (1-asiridinyl) phosphine sulphide) Α As a matter of urgency I as writing to request a sample quantity of prammes of "Ninteps". The compound is of value for causing securit sterility in insets. I have been particularly interested in 20, 1972, 1966 and J.Med.rut., (, 374, 1970). ٠ The opportunity has just arisen here of suppressing a wild population of <u>Oulty Stienes</u> sources by the technique of releasing steplined maker. It is to couplet this expre-iment that it wish to obtain a supplementary quantity of hilderpa-l should like to have it for use in early July and hope that you can supply by Air-mail. Mecore. American Oyanamid Company, Lederle Laboratories Division, Fuarl/River, 1 HEF TORK, Yours faithfully, 9 7 G.B. White, Ph.D. (Research Officer/Entonologist) 1 EAST AFRICAN INSTITUTE OF MALARIA AND VECTOR-BORNE DISEASES. P.O. AMANI, TANZANIA.
