

59TH ASTMH MEETING

UNITED STATES • 2010

The 59th annual meeting of the American Society of Tropical Medicine and Hygiene was held November 3-7, 2010, in Atlanta, Georgia. In attendance was malaria philatelist Dr. Marco Corsi, head of clinical research at Sigma Tau, an Italian pharmaceuticals company that develops antimalarial drugs. To covers with a cachet he had prepared for the event, Dr. Corsi affixed a range of labels he had also created and current U.S. postage. These were cancelled in Atlanta on November 4, 2010. Dr. Corsi also applied labels and postage to two postcards provided by Burroughs Wellcome & Co. These, too, were postmarked November 4. For label descriptions and cachet numbers, see Italy (2010) organization labels.
